

# **T1D Caregiver 101 Virtual Course June 12th, 2023 6- 7:30pm**

**Please register by scanning the  
QR code**

Parents, grandparents, babysitters, camp counselors and other caregivers can learn basic skills for the management of type 1 diabetes (T1D). This workshop, presented by Colleen Clark Chuo, RN, MA, CDCES is geared to offer confidence in managing a loved one's diabetes while in their care.

In this session, caregivers will learn about:

- T1D overview
- Checking blood sugar
- Signs of high and low blood sugar
  - Illness
  - Exercise
- Administering glucagon
